

CRITERIA FOR ADMISSION

Elementary (K5 – 6th grade)

First Baptist Academy is proud to offer its elementary students a well-balanced, challenging school program that is Bible centered. Due to the high standards expected of our students, the Academy is limited to the acceptance of only those students who it believes can meet the following criteria.

1. Students must be five years old by September 1st. Parents must present a valid birth certificate for verification.
2. Students are required to take an admissions test. Permanent records must also be presented at time of testing.
3. Students are required to wear school uniforms. Uniforms are required in order that proper emphasis is placed upon the character of the student as well as modesty, personal neatness and cleanness. The uniform dispenses with competition due to outward appearance and affluence, thus emphasizing the development of the inner child.
4. No student who has ever had any serious discipline problems, been suspended or expelled from school will be accepted for admission. If later, a student is discovered to have any serious behavioral problems, he/she will be dismissed without financial reimbursements. **All new students are given a one month probationary period to adjust to the Academy.**
5. Parent must attend Parent's Night the first week of school. They are welcome to meet with administrator by appointment if they choose.

* * * * *

As ministry of First Baptist Church the Academy is exempt from the requirements imposed by the Americans with Disability Act. The Academy regrets that it can not accommodate physically disabled students. These students are precious in God's sight and need a school wherein they will receive all that they need.

Due to the size and limitations of our school facilities and equipment, the Academy is unable to provide a modified classroom setting and individual supervision for students with special physical needs. Example: deaf students, students in wheelchairs, students with immune deficient diseases.

* * * * *

The Academy does not offer programs during the school day for students with special needs, academically or emotionally, which would require individual supervision and the teacher to depart from the regular curriculum and/or structured programs.

* * * * *

If a student is taking any medication for behavior modification, explanation must be given prior to testing.

* * * * *

All new students including those coming from a school with similar standards or curriculum will automatically be considered on a six weeks probationary period. Students are subsequently removed from probation at this time unless otherwise notified by the administration.

I have read the above information and choose to begin the enrollment process.
