Dear Community Friends,

The Children's Hospital of San Antonio has several book stations located on our campuses where children are free to pick a book to read and take home. We have joyfully given thousands of books to children that have been donated by our community friends. We know that reading to young children has been shown to growth their brains and open their attitudes to learning and mastering new concepts. We have all become who we are in part because of books!

We are in need Children's Books and your help please. Books such as

- infant hard back,
- toddler short stories,
- school age chapter books,
- young adult books.

If you have books to share that are gently loved, please contact the Child Life Department at 210.704.2550 to arrange a time to drop off your much-appreciated gift.

In His Service,

Vickie Squires, M.M.Ed., CCLS

Director, Child Life / Child Development Services
